

PET塑钢线设备

PET Plastic Steel Wire Production Line

100%瓶片回收料或者颗粒料生产各种规格塑钢丝

With 100% bottle flakes recycled material or PET granules, to produce various specifications of PET plastic steel wire.

塑钢线广泛应用于现代农业温室工程和养殖业。其产品主要有黑、透明两种颜色，黑色塑钢线主要用于温室外拉幕系统及室外遮阳棚。

Plastic steel wire is widely used in modern agricultural greenhouse project and breeding industry. Its main products are black and transparent. Black wire is mainly used in greenhouse curtain system and outdoor awnings.

Raw material原料	PET granules or PET recycled material PET颗粒料或PET回收料	
Diameter of final product 制品直径	1-5mm	
Manpower人工	2 persons/shift	
Machine Dimension 设备尺寸	30-35*5*5m	
Extruder主机	SJ-75/33	SJ-90/33
Max Output最大产量	80kg/h	150kg/h
