### PP PE PC Hollow Sheet Production Line

PC中空板材产品广泛用于建筑、装饰、广告布置、公路噪声隔离以及包装。

PP中空板材可替代纸箱做包装箱，质量轻、强度高、防潮、防腐。

The PC sheet is popularly used in buildings, decoration, advertisement ornament, sound insulation on road and packaging.

The PP board can replace the paper packaging carton with the advantages of light weight, high strength, damp-proofing and corrosion-resistance.
